### THANKSGIVING.

Next Thursday is thanksgiving day. It has grown to be a holiday in all parts of the country. It is set apart as a day by the President and Governor for the people to return thanks to Providence for the many blessings received. We have much to be thankful for. We are thankful we are living, and in the enjoyment of reasonable health. We are thankful that we live in this great Christian country, and in the age of wonderful improvements in every branch of human endeavor. We rejoice in the multitude of good men and women who fill our towns and farms, and who are engaged in making the world better, and advancing every interest of mankind. We are thankful that we live in a day of light rather than darkness, and in a country in which the poorest boy and girl can become the greatest. We are thankful that our troubles are as few and as small as they are, and that our blessings are as good and as many as they are. We are thankful for the great army of Christian fathers and mothers who everywhere adorn our society, and for the great number of boys and girls who are following in their footsteps, and who are to be the men and women of the future. With all of our troubles in life, we have much to be thankful for, and when we look on the bright side of life we see much that is good, beautiful and true.

The wood man is now having his day. He has knocked the man out of business.

Cotton is short but the price is long, and we will get there all the same.

The country weekly reaches the people and carries to them the happenings of their country.

Alf Herrington is marching on to the Solicitor General's office, and it seems to be his without opposition.

Ben Tillman has been to Savannah and he told them what he thought.

The President was quick to recognize the new republic of Panama. When there is a scheme on foot with boudle in sight, our statesmen get in haste.

### Will Run Or Change His Mind.

Hon. J. A. Brannen, of Statesboro, made his first positive declaration in regard to the congressional race in Savannah. Morning News reporter in Savannah, Wednesday of last week. His words, as quoted by the reporter, were: "I have made no announcement yet, but unless I change my mind I shall be in the race. That is all I can say at this time."

It is well understood, and has been for some time, that Col. Brannen is to defeat Lester for his seat in the next Congress, but, for reasons best known to himself, Mr. Brannen has not yet seen fit to make a formal announcement. This will come in due time, however, and the voters in all sections of the District are already beginning to hollow out "Brannen" good and strong.—Forest-Blade.

Not A Sick Day Since. "I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad. of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not since a sick day since. Neighbors of mine have been cured of rheumatism, neuralgia, liver and kidney troubles and general debility." This is what B. F. Bass, of Fremont, N. C. writes. Only 50c. at W. H. Ellis drug store.

### EGAN LEAVES THE CENTRAL

President John M. Egan of the Central of Georgia has severed his connection with the road, though no statement to that effect has yet been made, either by Mr. Egan or by Maj. J. F. Hanson, chairman of the board of directors. Mr. Egan will leave to-day for New York, and expects to be gone some two weeks. When asked last night about the rumor that he had left the Central he neither affirmed nor denied it, but simply said that he had applied for and had been granted a leave of absence, and that he would leave for New York this morning and remain away from Savannah for possibly two weeks, though just where he will spend the time he had not determined.

From other sources it is learned that the action on Mr. Egan's part severing his connection with the Central was taken Friday, and he is supposed to have reached the determination to do so after a conference with Maj. Hanson, who stopped here on his way to Macon from a meeting of the Executive Committee of the directors, held in New York. Col. A. R. Lawton, a member of the Executive Committee, attended the meeting.

It is believed that after Mr. Egan's retirement will be made like that now governing the Ocean Steamship Company; that Maj. Hanson will become the president of the road and that General S. C. Winburn, now vice president, will have the title of general manager added to that of vice president and will be directly in charge of the operation of the road. The heads of all departments are in future and until further orders to report to Maj. Hanson.—Savannah News.

### FROM KENTUCKY.

Editor News: When one has been away from the old home and friends a year he feels like making a visit or writing to everybody, and since I cannot go I will, with your kind permission, write to everybody through the News.

I read your excellent paper through and through, even like "ade," and thus we pass it round until all read it. We have all been much interested in your contest for Bulloch in the State Fair, and you deserve the hearty support of the people in that noble enterprise.

Noticing that the monument of Rev. James R. Miller was recently unveiled at Macedonia I recalled the fact that I perhaps had the honor of first suggesting it, while delivering a historical address at Elam church, Emanuel county. The thought came to me and in the enthusiasm of the moment I took a collection for the purpose, I received about \$18.00. I rejoice that the recognition of a very worthy man, so long delayed, is at last an accomplished fact. One of the best evidences of the culture, refinement and religion of any people is the proper appreciation of the deeds of worthy sons, and Bulloch county never produced a man superior to Rev. Jas. R. Miller.

I had a good letter from my dear old friend Judge Curtis S. Martin the other day and it made me decidedly reminiscent; I began to ramble over the hills of old Bulloch again and around until I had gone over Georgia again. Thousands of loved and familiar faces came before me, I felt my heart swell and eyes got "sandy." Ah me! I shall not see them all again on this side the river, but I "think of the home over there." Blessings on them every one. The memory of the kindness of the physicians and people of Statesboro to me in my affliction lingers with me.

I see Georgia folks all about, met a young man from Swains-

boro in Little Rock, Ark., another from Scriven county in Memphis, Tenn. a few days ago. There are Georgians scattered all through the west.

I am still with the American Baptist Flag as office editor, and am publishing some books. One by Dr. Crawford giving an account of his experiences in China as a missionary for 50 years, of which I send you a copy. Another on which I have been at work for three years is, The Bible, the Baptists and the Board System. I have read the proof-sheets and the book will be ready for delivery in about three weeks. It will contain about 850 pages, be handsomely bound in cloth and goes into the whole question of methods in missions. Orders for it are coming in by every mail and it is going like hot cakes. I send both books for \$1.50.

Pardon me if you think I am dead-headed an "ad" on you. Pay me back in the Flag. We can give you 40,000 readers.

### Brannen Lands By Large Majority.

The Stillmore district has been considered more favorable to Mr. Lester's candidacy for Congress than any other in Emanuel county being one wherein many of his relatives reside, hence it was decided by some of Mr. Brannen's friends to make a poll of the white voters of the district and test the strength of each candidate.

The poll has been completed and it shows 12 for Lester and 145 for Brannen.

From this it is very evident that the people of this section are tired of Mr. Lester as their representative in Congress, and that they are glad of an opportunity to get rid of him.

If it is more than 12 to 1 for Brannen in the Stillmore district what will it be for the county? At least 15 or 20 to 1 for Brannen.

If Emanuel stands this way, who would dare say Brannen will not be our next Congressman? We do not say she controls, but she stands with the majority in the Brannen column.—Stillmore Dispatch.

Terminated with an ugly cut on the leg of Mr. J. B. Orner, Franklin Grove, Ill. It developed a stubborn ulcer and yielded to doctors and remedies for 4 years. Then Bucklen's Arnica Salve cured. It's just as good for burns, scalds, skin eruptions and piles. See at W. H. Ellis drug store.

### IN MEMORY OF CAPT. BRADWELL

Room in the Winnie Davis Hall to be furnished by former Pupils.

There is on foot a movement among the former pupils of the late President S. D. Bradwell, of the State Normal School to furnish a room in the Winnie Davis Hall at that institution in memory of the first president of the Normal School.

If any friends or old pupil of the late Capt. Bradwell desire to contribute to the furnishing of this room in his memory, they can send their contributions to Mrs. M. Stovall, First Vice-President of the Laura Rutherford Chapter of the Daughters of the Confederacy, Athens, Ga.—Athens Banner.

Mr. J. W. Olliff received on Saturday account sale of his bale of cotton which took the prize at both the State Fairs at Macon and the Savannah Fair. It brought him in \$35.00 in premium money, and in addition to this he sold it at 24 cents per pound. It was a fine specimen of the best grade of Sea Island cotton, the buyers classing it as fine Florida cotton. Mr. Olliff was very careful in picking this bale. Mr. J. F. Olliff who has charge of his farm had only the best bolls picked out of a 40 acre field and Mr. Nick Foss ginned it taking special care in putting it up, one bushel of the seed out of this bale of cotton has been selected by the Commissioners for The World's Fair to be held next year at St. Louis, they will be exhibited as the seed coming out of the best bale of Sea Island cotton ever raised in Georgia. Mr. Olliff has a lot of the seed out of this same bale, out of which he expects to plant his crop next year.

They are fine seed and no doubt will produce a fine staple next season. This is one feature our farmers have not been careful enough in; that is, the quality of seed they plant.

Stepped Against A Hot Stove. A child of Mrs. Geo. T. Benson, when getting his usual Saturday night bath, stepped back against a hot stove which burned him severely. The child was not greatly injured and his mother could do nothing to pacify him. Remember that he had a bottle of Chamberlain's Pain Balm in the house, and thought, "I'll try it." In less than half an hour after applying it the child was quiet and asleep, and in less than two weeks was well. Mrs. Benson is a well known resident of Keller, Va. Pain Balm is an antiseptic liniment and especially valuable for burns, cuts, bruises and sprains. For sale by all Druggists.

### ROOSEVELT'S THANKSGIVING PROCLAMATION.

That Teddy the Cat Killer possess many nerve-racking disqualifications no one will dispute, but that he is filled with an infinite amount of grim humor I do not think any one ever realized until his recent Thanksgiving utterances rushed forth pell-mell from his over-taxed brain. I use the latter word advisedly. Even here, his strenuousness cropped out in the nettle rash is apt to show on the skin of an over-fed child, for in thanking God for mercies extended in the past he asks that "our hearts may be aroused to war-torn fastly for good." Bing bang! pop! crack! boom! boom! The artillery must commence firing, the small arms must open their savage mouths to make music for his warrior soul. war! war! His strenuousness is not a maddening suggestion, at least, of fighting or he can not rest easily; a mind which possesses the grimaces of the clown, the unchained fanaticism of the Derwisch, and the erratic activity of the kangaroo. This mind, gathering fierce momentum as it moves shows about as much culture, grace and native refinement as the figure of Falstaff portrayed symmetrically, as much elegance as a County Fair prize-taking Berkshire, would suggest the polish and refinement of a Chesterfield or a Nash; yet, on the other hand, he can boast the active possession of an unlimited amount of brute force, and in that vulgar brag, acknowledge the negro as almost his equal while with envious eyes he looks up at the mule as his superior.

After telling us that it becomes his duty, as president, to appoint a day on which to "thank God," "oh, Lord, I thank Thee for Thy past mercies and the opportunities Thou hast given me of killing sheep, for, oh, Lord, this is a nation of many cats, and oh, Lord, give me the opportunities of killing a great many cats in the early future, for, oh, Lord I do so love to kill cats, next to making speeches I would rather kill cats than do anything else,—and Oh, Lord let me get the nomination in the next republican convention and let me win a great battle over my Philistine enemies the democrats, and Oh, Lord bless our Thanksgiving turkey and make it fat and juicy, Lord, and that is all I can think of for the present Lord, but be sure and be where I can reach you for if I think of anything else Lord I will want to call you up." Oh, Lord amen.

God help the nations with a mountebank at its head, and God help the nation or nations who, professing Christianity desert their fellow Christians and allow them to fall unavenged by swords of savagery, because Mammon presides as high priest at their altars.

A Scientific Discovery. Kodol Dyspepsia Cure does for the stomach that which it is unable to do for itself, even when but slightly disordered or over-loaded. Kodol Dyspepsia Cure supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension, while the inflamed muscles of that organ are allowed to rest and heal. Kodol Dyspepsia Cure digests what you eat and enables the stomach and digestive organs to transform all food into rich, red blood sold by W. H. Ellis.

A GOOD NAME. From personal experience I testify that DeWitt's Little Early Risers are unequalled as a liver pill. They are rightly named because they give strength and energy and do their work with ease.—W. T. Easton, Boone, Tex. Thousands of people are using these tiny little pills in preference to all other pills, because they are so pleasant and effectual. They cure biliousness, torpid liver, jaundice, sick headaches, constipation, etc. They do not purge and weaken, but cleanse and strengthen W. H. Ellis.

### HEAD OFFICERS HERE.

President Cecil Gabbett and a party of capitalists came up from Savannah this morning and have been engaged during the day in looking over the property of the Savannah & Statesboro Railway. They investigated the right-of-way this morning as they came up and it is understood they will go over the proposed route between here and Garfield via Port of Portland during the week, in the party are some of the head officers of the Savannah Trust Co. a large banking establishment of Savannah. It is probable that before many more months have elapsed and hot the music of the shovel and the pick will be heard on the extension of the road to Garfield. The proposed route goes through one of the richest agricultural sections in the state and the people both along the line and at Garfield are anxious about the extension of the road. It will afford them a direct line to Savannah via Statesboro. It is learned through a private source that President Gabbett and party will take Thanksgiving dinner at the home of Hon. J. S. Franklin of Port of Portland, in the road and the local merchants in the road are doing much towards getting the line extended.

Indigestion Causes Catarrh of the Stomach. For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membrane lining the stomach and expose the nerves of the stomach, thus causing the glands to secrete much instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure relieves all inflammation of the mucous membrane lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

## The Plague upon Cotton

Secretary Wilson of the Agricultural Department, has been out in Texas looking after the boll weevil, which has proven to be such a pest to the cotton growers of that state, and he gives a rather discouraging report as to the outlook for stamping out the pest. He says that it is idle to talk about exterminating the weevil; that it is just as sensible to talk about exterminating the house-fly or the germ of malaria, which is apparently of the same category.

In spite of this discouraging statement, the secretary thinks that conditions may be improved by planting an earlier variety of cotton. To that end he has ordered a large quantity of seed from Georgia for the purpose of planting it in Texas. He also recommends that the rows be planted further apart, so the warm sunshine, which is an enemy to the weevil, can get in its work. The idea in getting the early seed is that the cotton plant may get a good start on the pest, which takes its normal cycle of development, and the first escapes it. These precautions, however, are expected to prove only partially successful, as the weevil, as indicated above, is believed to have come to stay.

It is claimed, too, that the weevil is a migratory animal and that it is only a question of time until the little pests will afflict the cotton fields far to the east of Texas. The weevil first made its appearance in the southwestern part of the state and has been gradually coming toward the east—making a little further advance each season. Just to what extent this migratory movement will go remains to be seen. But even if the weevil does not come this way, the past few seasons have demonstrated that the cotton growers here have other plagues to engage their time and attention. The caterpillar has played havoc in many upland fields this year, while the black-heart or "wilt" has proven disastrous to the sea island fields.

Secretary Wilson has promised to employ experts to fight these pests, and it is believed that a judicious warfare will be partially effective, but it must not be thought that these visitations are entirely without good. Blessings often come in disguise, and it is possible that the plagues that have come upon the cotton fields are blessings of this sort.

If they should force our planters to a greater diversity of crops; if they should force us to a deeper study into the chemistry of the soil, and if they lead to a system of more perfect rotation, they may not have been in vain. There is no question but that one solution of the farmers' problem is in making cotton the surplus, or money crop, while other things are raised to supply the farm with the things needed during the year. —Valdosta Times.

### A Remarkable Case

One of the most remarkable cases of a cold, deep-seated on the lungs causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of one Minute Cough Cure. She says: "The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength." Sold by W. H. Ellis.

## FARMERS' INSTITUTE.

The 17th Senatorial District Farmer's Institute to be held here on Saturday. Hon. Harvey Jordan to be present.

Saturday Dec. 5th the farmers of the counties of Bulloch, Screven and Burke are invited to meet in the Court House in Statesboro in a farmer's institute. Hon. Harvey Jordan, of Columbus, will be present to address the farmers on the various topics affecting the farm, and many other matters of interest to the farmers will be heard on that occasion. This is a very important meeting to those who are engaged in farming, and every farmer who can possibly lay aside his business for that day will do well to attend this meeting.

The meeting will be organized at 10 o'clock at the Court House. Mayor G. S. Johnston will call the meeting to order.

A large crowd should be here. Don't miss this occasion if you can help it.

### Cotton Still Advances.

The cotton market remains steady and has an upward tendency, though the prices were not raised much since our last issue. Some few parties were able to get 23 1/2 cents for sea island on Saturday. On yesterday the market showed little or no change. The receipts are still light and the indications are that the crop is the lightest in several years. The crop is badly cut off by the freeze. The cotton on the poorer lands showed up well but on the rich lands where the stalk was rank and the top crop heavy the loss on account of the freeze will be heavy.

### Johnston Won't Run.

Hon. G. S. Johnston requests us to say that it will be impossible for him to accept the nomination for Mayor on Thursday night. This announcement is made necessary by reason of the fact that his name has been prominently mentioned for re-election. He has been approached by a large number of citizens and asked to change his mind on this point but he still declines.

The News feels that it speaks the sentiment of the people of the town when it says that this announcement will be read with general regret. Mr. Johnston has perhaps made the best official our city has ever had and his place will be hard to fill.

### J. H. Ellis Dead.

A telegram from Waynesboro on yesterday announced the death of Mr. Jas. H. Ellis of that city. Mr. Ellis had been sick for some time and his death was expected. He was a resident of this place for a number of years and was in business here during his stay. He was a brother-in-law to Mr. A. J. Wimberly.
